

Registration for the third SUPREMA Stakeholder Workshop 'Defining the Strategic Prospects for Future Model-based Support of Policies related to European Agriculture'
and
Information Consent Form for Stakeholder engagement, communication and outreach

Date: Tuesday, 11 February 2020, 9:30 - 16:30

Location: Representation of Lower Saxony to the European Union, Rue Montoyer 61, B-1000 Brussels

Information Consent Form

Your involvement as a participant is entirely voluntary and you may withdraw your participation at any given time. SUPREMA research includes the involvement of natural persons through participatory events like today's event. With respect to the nature of the activities to be conducted, these will involve group discussions of different sorts. SUPREMA anticipates to provide both immediate and long-term benefits for the involved participants and their associated networks.

To organise it, SUPREMA partners may have collected some personal data which could be for instance your name, your professional/personal email address or your professional/personal telephone number (most often from publicly available sources). Furthermore SUPREMA research activities may indirectly result in collecting other personal data information as part of the wider consultation process, e.g. through interviews.

It should be noted that the collection of personal data per se is not the main purpose of SUPREMA, but personal data may be information necessary to the research (e.g. the Member State/region in which you are located) or to carry out mandatory communication activities (e.g. publication of an attendance list). As part of the research project, we will need to be able to attribute your position/view to the organisation you are representing or to you as an independent expert - depending on what capacity you have been invited to contribute to this event.

If you do not wish your contact details to be made available to other participants, please let the event organiser know in advance.

During this event, photos and/or videos may be taken to contribute to the communication objectives of this Horizon 2020 research project. During the performance of these activities, care will be taken to minimise the potential collection of personal data such as name tags.

The collection and processing (e.g. creating a list of invitees for future events) of any personal data will otherwise remain strictly confidential - unless it is relevant for this study, in which case it will be anonymised, unless specifically discussed and agreed with you in advance. As a general rule, the SUPREMA team will ensure that all presentations and reports are made available to all of those attending workshops and participating in the research.

Hereby I agree to the above mentioned conditions to participate in the third SURPREMA Stakeholder Workshop in Brussels on February 11, 2020.
